Print length : 246 pages

The book is divided into four parts:

- **Part 1: Foundations**
- **Part 2: Assessment**
- **Part 3: Curriculum and Instruction**
- **Part 4: Behavior Management**

**Part 1: Foundations** provides an overview of the field of special education, including the history of special education, the different types of disabilities, and the legal framework for special education.

**Part 2: Assessment** covers the different types of assessments that are used to identify and evaluate students with disabilities. This section also provides guidance on how to interpret and use assessment results to develop appropriate educational programs.

**Part 3: Curriculum and Instruction** provides practical strategies for teaching students with disabilities. This section covers a wide range of topics, including curriculum development, instructional strategies, and classroom management.

**Part 4: Behavior Management** provides strategies for managing challenging behaviors in students with disabilities. This section covers a wide range of topics, including behavior assessment, behavior intervention plans, and crisis management.

Educating Students With Disabilities is a valuable resource for educators who work with students with disabilities. This book provides practical strategies and resources that can help educators create inclusive and effective learning environments for all students.
