*Mobility Law and Identity: Framing the Global* is a comprehensive examination of the legal and social implications of mobility in the 21st century. This book explores how mobility is shaped by law and how it, in turn, shapes our identities. With contributions from leading scholars in the field, this book is an essential resource for anyone interested in the future of mobility.

The book is divided into four parts. The first part, "Conceptualizing Mobility," provides a theoretical framework for understanding mobility in the 21st century. The second part, "Mobility and Law," examines the legal frameworks that govern mobility, including immigration law, citizenship law, and human rights law. The third part, "Mobility and Identity," explores the ways in which mobility shapes our identities and our sense of belonging. The fourth part, "Mobility and the Future," considers the future of mobility and its implications for our societies, our economies, and our planet.

*Mobility Law and Identity: Framing the Global* is a groundbreaking work that will reshape our understanding of mobility in the 21st century. This book is essential reading for anyone interested in the future of mobility, including scholars, policymakers, and activists.
