In the aftermath of the sinking, a number of investigations were launched into the disaster. One of the most comprehensive was the British investigation, which was conducted by a court of inquiry. The court heard testimony from over 100 witnesses, including survivors, crew members, and experts. The court's report was published in 1915 and it remains one of the most important sources of information on the Titanic disaster.

British Investigation Into The Loss Of The Titanic Vol III is a comprehensive look at the British investigation into the sinking of the Titanic. This book contains a wealth of information on the disaster, including eyewitness accounts, expert testimony, and official reports. It is a must-read for anyone interested in this iconic event.
